To Whom It May Concern,

This letter is in regards to the computer company CSI Colorado, LLC. Our experience with this company has been most satisfying and we would highly recommend them. Our office has been using CSI for over 5 years and Rick's knowledge and understanding of our computer system has been most helpful. Whenever we have an emergency they come to help us within 2 hours and if it is not an emergency someone is usually here within 24 hours. It is service that is hard to find. CSI employees have always been courteous and helpful no matter what the situation. We would be happy to answer any questions you have regarding this company.

Sincerely,

Paul M. Wagenaar, D.D.S.
